material!!! \$5 for most to \$10 or \$20 for others

Thrust bearing \$75

Tower hardware and antennas available (on the ground and details to come)
Coming soon

95% of all items are in my possession in North Texas. Some items (tower
hardware, antennas and other miscellaneous parts not currently listed) still
to be brought to Texas. If interested in any of these items, please contact
Cheryl Gaines by email at <mailto:cq_busgirl@att.net> cq_busgirl@att.net
for details and photos if needed. I would rather not ship tube amp or
tubes, so I will consider delivering some items within a reasonable distance
of the Dallas/Fort Worth area or can arrange to have them picked up. Cash
sales!!! If you must make a payment by credit card, I can help arrange this
through pay pal online. Prices above do not include shipping.
